

<b>North Kelvin Community Council Minutes: Meeting of Tuesday 7th May 2019</b> <b>Held in St Charles's Parochial Hall, 1 Kelvinside Gardens, G206BG at 6.30pm</b> <b>(Please note Matter to be Attended to as a Result of NKCC Meetings, at the end of this Minute)</b>		
1	Attendance	<p><b>Community Councillors</b>            Douglas Peacock (Chair) DP            Inta Bakewell IB            David Conway DC            Elaine Doherty ED            Alasdair Macdonald AM            Merle Read MR            Denis Robertson Sullivan DS</p> <p><b>Councillors</b>            Cllr Jane Morgan JM            Cllr Ken Andrew KA</p>
		<p><b>Apologies</b>            Christine Alison CA            Andrew Smith AS            Cllr Martha Wardrop MW</p> <p><b>Others</b>  <u>Residents</u>            There was a small attendance of residents about 10.</p>
2	Minutes	<p><i>Minutes:</i> Minutes of the Meeting of 2nd April 2019 were approved. There was a short discussion about the Chair's role in the Minutes. The ultimate responsibility for the correctness and ownership of Minutes is the Chair's and not the Minute Secretary's. The Minute Secretary only produces the Minute. The Chair checks and amends them as they see fit, and then the next meeting approves or otherwise deals with the Minutes. (Chair and Minute Secretary).</p>
3	Police	<p><i>Attendance and Reports:</i> There was no Police presence or apology which was highly unusual. NKCC agreed to monitor the situation given that there is no longer a written monthly crime report. CA – to email Police a reminder to come to next meeting.</p>
4	Councillors	<p><b>The Councillors' Reports</b></p> <p>Ken Andrew (KA):</p> <p><i>Restricted Parking Zone (RPZ):</i> The Councillor reported that the process for implementing the RPZ would be in Two Stages, as follows. An informal first stage letter to every household affected. A series of local exhibitions with officials present. Once the data from this process was analysed then a formal second stage would take place to meet all the requirements of the legislation. A Formal recommendation would then be put to the Council for consideration and approval. The anticipated timetable was starting in May 2019, but it was likely to be sometime in 2021 before it would be completed. Both Councillors contributed to this matter.</p> <p><b>Motion:</b> It was agreed to ask for the Council to make a separate presentation to a future NKCC meeting. The NKCC Planning officer DC was asked to write to the Council with this request. Councillor Andrew agreed to help with this. (NKCC Planning Officer and Councillor Andrew to do).</p> <p>The following items were noted after a long discussion: -</p>

	<p>There was a concern that because the objectors' submissions had to be considered there was an apprehension that their voices might carry more weight when the matter was finally being decided.</p> <p>NKCC agreed to consider how to promote acceptance of the scheme so that the Council understood the groundswell of support that existed as well as hearing from objectors. (Future Meeting Agenda Item).</p> <p>Only one recent RPZ had not been approved. It had been delayed. It was in Hyndland and it had been withdrawn and then resubmitted. It was finally approved so that in fact no RPZ in living memory had been disapproved. There had been a proposed RPZ in our area some 15 years ago which wasn't approved but that was before others nearby had been granted and so the parking situation was different.</p> <p>The cycle way on Queen Margaret Drive might be impacted by the new RPZ proposal.</p> <p>The issue of the length of the enforcement day and hours would be in the consultation i.e. whether the day would be 8am to 6pm or 8am to 10pm. Would the week be 5, 6 or 7 days.</p> <p>The question of visitors permits to park within an RPZ was considered.</p> <p><i>Recycling:</i> Councillor Andrew also reported that there was still issues with the introduction of food recycling bins.</p> <p>The problem of Dryburgh Gardens bins was still being actively considered.</p> <p><i>Promotion</i> – There was a request that the Council consider better and more expansive advertising and promotion of how to use the various bins properly.</p> <p><i>Removal</i> – Two of the residents present sought the removal of the recycling bins at the junction of Clouston Court and Fergus Drive because the residents now had alternatives and the current bins were a source of dumping and in fact created a nuisance. (Councillor Andrew)</p> <p><i>Litter Bin:</i> There was a short inconclusive discussion about Litter Bins.</p> <p><i>Doune Gardens:</i> It was reported that the work on the cycle gate/way had been finished but there was considerable disquiet about the workmanship and that motor bikes were still using the road which the cycle gate was supposed to be designed to prevent. (Residents to advise on situation to future meeting. Agenda Item Future Meeting).</p> <p><i>Woodside Health Centre:</i> The new Health Centre on Hinshaw Street Road Traffic Order might be overtaken by the RPZ consultation (see above). The centre would be functional from 1<sup>st</sup> July 2019. NKCC was warned that with a staff of 300 and with the flow of patients parking difficulties were anticipated.</p>

		<i>Queen Margaret Drive Festival:</i> The Councillor reported for information that this Festival would take place again in June perhaps over two days.
5	A	<b>Licensing:</b> There was nothing to report.
5	B	<p><b>Planning:</b></p> <p><i>Notre Dame Secondary School:</i> There was a short presentation from the floor in support of Option 3 with the inclusion of St Charles's boys be included the new catchment area and that St Charles parents should be given the option to attend John Paul Academy or Notre Dame. There was a longish discussion on this matter</p> <p>Motion: a vote was taken on whether to take a position on the Glasgow City Council consultation. This was passed unanimously.</p> <p>Motion: There then followed a second motion as follows</p> <p>North Kelvin Community Council support the position to change Notre Dame High School to co-ed (option 3 in the consultation) with two important additions - i) that St Charles Primary School should be included in the catchment, and ii) St Charles Primary should have spilt option catchments for both Notre Dame High School and also John Paul Academy.</p> <p>This was passed unanimously and the NKCC Council Planning officer undertook to write to DP who would then write to the Council following this decision. (Planning Officer to do, followed by DP)</p> <p><i>North Kelvinside Primary:</i> The NKCC Planning Officer DC has written to the Council re the new propose Primary School indicating our general support but raising a considerable number of concerns or proposal for the Council to consider. (see Minutes of March 2019 for details).</p> <p><i>127 Fergus Drive/Curves:</i> It was noted with pleasure that the development had not received planning permission. It was also noted that demolishing now of the current Curves Building was also refused. The Councillors were at pains that NKCC should realise that this might not be the end of the matter or for future proposed schemes on this site to come forward. NKCC was in the process of trying to contact the owner/developer to see if NKCC could have a meaningful discussion with them on what might be acceptable and yet allow them to develop the site. So far there was no progress from the developer's side. (Planning Officer to do)</p> <p>It was noted that the Byres Road Improvement Scheme had been allocated £9m.</p>
6	Community Clean Up	<p>Community Clean Up – It was agreed to meet on Saturday 18<sup>th</sup> May at 10.30 am to clean Yarrow Garden Lane, which is between Yarrow Gardens and Belmont Street.</p> <p>The clean-up will last for 2 hours until 12.30 pm.
